LiveText Benefits for Students

Easy to use and connecting you to your friends and classmates, LiveText is designed to help students stay organized, collaborate with instructors and classmates, and store all work online.

Develop multiple, customized professional and personal e-Portfolios containing a variety of links and file types, including audio, video, and images.

Upload, store, and access all of your academic work with unlimited storage and 24/7 access. Never lose work and eliminate the cost of flash drives.

Access thousands of standards-based videos, images, and audio resources to enhance your LiveText work with the LiveText Learn360® Membership.

See your courses, assignments, due dates, and instructor assessments immediately upon login. You can even get email notifications so you never miss a step.

Share your work and e-Portfolios with instructors, classmates, and potential employers to showcase your skills and accomplishments.

Complete field experience, internship, and student teaching requirements in one centralized place.

Get social with LiveText... send and share work for review, receive immediate feedback from instructors, and collaborate with classmates.

An average cost that comes out to less than \$20 a year and your membership lasts for up to 5 years.
