11. SAHP MOT Occupational Therapy Post-professional MOT AND MOT – Entry Level Prior BS	Yes	LLU Catalog 2008-2009 Specific program curriculum. New student orientation meeting.	Completion of research courses; research monograph Completion of directed study and depending on student needs, advanced specialty track Completion of religion courses, participation in directed study project developed according to student needs. Portfolio review	OT faculty advisors participate with the PPMOT students guiding the research process. Students appreciate the continued input and identify an appreciation of research in guiding their clinical decisions.	With the increase in PPMOT students, the OT faculty are discussing future research projects which could contribute to a larger IRB project.	2003 (next – 2012) The Accreditation Council for Occupational Therapy Education, American Occupational Therapy Association, Inc.
12. SAHP MOT Occupational Therapy MOT Entry-Level	Yes	LLU Catalog 2008-2009 ACOTE biennial reports	OT MAPS (Fieldwork I documentation); AOTA Fieldwork Evaluation (Fieldwork II documentation) Specific course requirements such as completion of a program design and development folder that includes a needs assessment, literature review, program objectives and implementation plan and program evaluation plans. Students participate in a three quarter research project and take 2 research classes. Following completion of their grad year fieldwork II experience, they present an evidence-based project identifying a topic they observed while on fieldwork. They also present this information to the clinical	Students have done well on fieldwork assignments. Clinical instructors report that students are well prepared for their clinical settings. Clinical instructors are encouraged to share their feedback on suggested curriculum modifications during site visits by the academic fieldwork coordinator. In a recent letter from the NBCOT, our graduates scored well above the national average on each of the 5 test domains. Students understand the importance of using evidence to guide their clinical decisions and are pleased with the opportunity they have to share this information with clinicians. Yearly Research Colloquium	The program utilizes student and clinical instructor feedback during its annual curriculum retreat. Program modifications, such as modifying instruction on documentation, are incorporated as needed. If there are any concerns identified during the Biennial Report review, the program is notified and a plan of action developed.	2003 (next – 2012) The Accreditation Council for Occupational Therapy Education, American Occupational Therapy Association, Inc.
