Loma Linda University Health

homecoming

in collaboration with
the Medical Alumni APC, Dental Alumni Student Convention and Healthy People

Together as One Loma Linda
Thursday, March 2 – Monday, March 6, 2017
Dear alumni, former staff and friends,

I am elated that you are here for our 1st Annual One Loma Linda Homecoming! It has been a dream of mine to have all of you back on campus to celebrate the legacy of Loma Linda University Health and this weekend has made that dream a reality.

Please join me at all of the events we have planned for our homecoming celebration. We have a very special schedule around our inaugural homecoming year, including the Kickoff on Thursday night, filled with carnival games and attractions for the whole family. On Friday, we will be able to reminisce with tours of the campus and discover how Loma Linda University is changing in transformative ways. Friday evening, we have a special vespers planned, Living Our Legacy, in the University Church. On Sabbath morning, we will have unique programming including a parade of nations, a sermon from Pastor Randy Roberts and a haystack lunch; in the afternoon, our Mission Vespers at 4 p.m. will feature global and mission service through personal stories; and finally, the evening promises to be fun with our very own Loma Linda’s Got Talent, an alumni talent show. The weekend will end with a 5k fun run in memory of Dr. Sam Soret of the School of Public Health and Matthew Lynn Schrader of the School of Allied Health Professions.

Let us share in fellowship that spans generations, disciplines, cultures and faiths. Together we are stronger, together we advance the future of health care. My hope is that you enjoy the events that we have planned for our first One Loma Linda Homecoming and that you will leave refreshed from gathering with your Loma Linda University family.

Enjoy the weekend. Enjoy your time back In This Very Place.

Cordially,

Richard Hart, MD, DrPH
President
Loma Linda University Health

Annual Postgraduate Convention (APC)

Since its first illustrious offering in 1933, the Annual Postgraduate Convention, or APC as it is affectionately known, has grown from an afternoon to a four-day event of continuing medical education. Featuring world-class speakers and topics, the APC is a great place for any physician to learn, network, and receive continuing medical education credit. The APC is sponsored by the Alumni Association of the School of Medicine of Loma Linda University. This activity is designed to change and diminish the gap between evidence-based medicine and practice.

Healthy People in Healthy Communities

Healthy People in Healthy Communities is the premier conference on Lifestyle Medicine and the Built Environment. This symposium underlines Loma Linda University’s legacy of promoting health, longevity, and wholeness, while creating a platform for exploring the role of *blue zone areas as a paradigm for population health. This is an effort to inform effective multidisciplinary public health actions aimed at improving conditions that make us healthy.

*Blue Zone® is a registered trademark of Blue Zones LLC, and refers to places in the world where residents have much greater longevity. The community of Loma Linda was designated a blue zone in a National Geographic article by Dan Buettner. (Buettner, Dan: “The Secrets of Long Life,” page 9. National Geographic, November 2005.)

Homecoming Kickoff

Join us in kicking off Loma Linda University Health’s first ever homecoming at our celebration on Thursday evening. You and your family will have a blast with delicious food from a variety of food trucks, carnival games, opportunity drawings and live music from our very own alumni and special guest, the Wedgewood Trio. Savor some roasted corn, win a ring toss and visit your school booth to reminisce and reconnect with your fellow alumni. If you graduated within the last 10 years, there is a special booth and swag just for you. Looking forward to seeing you at the Homecoming Kickoff!

Friday Tours and Open Houses

Do you wonder what has changed since your last visit to your alma mater? You can find out by joining one of the available tours or by visiting the schools during the open houses on Friday, March 3, from 1-4:30 p.m. You can hop on a bus or take a walk on one of these specially planned tours:

Tour the construction site of where our new state-of-the-art hospital tower will be built and walk through our new San Bernardino campus, the San Manuel Gateway College. See how the campus has transformed by touring the schools on main campus and by attending their open houses. Tour groups are limited to 20 individuals.

Loma Linda University Health – San Bernardino Campus
- Depart from Lot X – On the north side of Centennial Complex.
- See the newest facility providing quality education for students in the Inland Empire.

New construction, Hospital and Proton Center
- Meet at Lot X. More than just a hole in the ground – these towers will be the most seismically sound buildings in the United States.

Scultpures and Historic Landmarks
- Meet at Lot X.
- View Bible and historical stories through the eyes and hands of the sculptors who brought them to life and walk the Pathway that outlines our history.

Sim Lab (Self-guided tour)
- Centennial Complex – Lower Level Lobby.
- Visit a state-of-the-art facility designed to provide superb hands-on learning experiences.

East Campus - Rehabilitation Hospital
- Depart from Lot X – On the north side of Centennial Complex.
- A full continuum of care on one integrated campus that includes: inpatient rehabilitation, outpatient rehabilitation, orthotics & prosthetics and the PossAbilities club.

Spiritual Programming

Friday night vespers – Loma Linda University Church

A Snapshot of Loma Linda’s History – Living Our Legacy

Randy Roberts will begin our evening as he portrays John Burden and the early days of Loma Linda. If you’ve never seen Roberts as John Burden, you’ll want to be there Friday night as he brings history to life. We will also have the granddaughter of Lyra George, one of the first medical professionals to go into San Bernardino and minister to the San Manuel Band of Mission Indians. Then, representatives from San Manuel will share their memories and the impact Loma Linda University Health (LLUH) has had on their community.

Friday evening promises to be a powerful reminder of who we are and our mission to continue the teaching and healing ministry of Jesus Christ.

Sabbath programming – Drayson Center

Beginning with the parade of flags, we get a beautiful picture of where alumni have served, where our students are from and where future Deferred Mission Appointees/Global Service Award will be serving when they leave LLUH. Honor classes will be recognized (25th, 50th and beyond) – with the very real possibility of a 70-year class member in attendance! And three choirs will perform: School of Public Health, Black Alumni of Loma Linda (BALL) and the signing choir from School of Allied Health Professions. A cappella music from the Cheek Brothers (there’s five of them and they created their own barbershop group!).

Our guest speaker will be Randy Roberts.

Haystack Lunch

Imagine tables laden with corn chips, mounds of lettuce, buckets of beans, piles of olives, bowls of salsa, sour cream, ranch dressing, guacamole and more! Oh, my! Sabbath lunch on the Drayson Superfield will be the biggest haystack feed ever put together in Southern California. Best of all, you can layer your ingredients in the proper order (everyone has their own idea of what that might be).

Join us for the food – stay for the fun!

Loma Linda’s Got Talent

From Brass to Bluegrass, Violins to Vocal, and Clarinets to Comedy – You’ll want to be at Drayson Center on Saturday night at 7 p.m. Alumni from around the country will be performing for this special show. They’re world-class artists and admission is FREE!

Featured performers include Adrian Dumitrescu, Dennis Anderson with the brass quintet, Cheek Brothers Quintet, Jon Olango, Jonathan Harper, Lance Hundleby, Ron Lamberton, Jessica Blaza, Richard Luke Elloway, Erik Valenti, Andrene Campbell, Kimberly Conley with Don and Diana Herget, and Brett Quave and Ron Foo.

Homecoming 5K Fun Run

Join us for a 5K fun run/walk around Loma Linda. The Start and finish will be at the Drayson Center. Register early to get a commemorative t-shirt while supplies last. The proceeds raised by this inaugural homecoming 5K will benefit special funds set up in memory of Dr. Sam Soret (School of Public Health) and Matthew Lynn Schrader (School of Allied Health Professions).
